Verse 1:

I will lift up my eyes to the hills

From whence comes my help?

My help comes from the Lord who made heaven

The Lord who made the earth

Chorus

Verse 2:

I'm on my knees with lifted hands

My strength won't carry me

But You, Oh Lord are a shield for me

My glory and the One who lifts my head

Chorus

Chorus

Chorus:

I will run to the foot of Your cross

Where Your blood pours mercy over me

My Lord, My God, I weep for the love

And the life you've given to me

With You with You with You

With You with You with You

Bridge:

My transgressions are as far

As the east is from the west

So great is Your forgiveness

Your Law is in my mind

You have written on my heart

My sins you remember no more
